Other term schedules

Certificate in English for Academic Purposes

The Certificate in English for Academic Purposes (EAP) follows a non-standard registration and withdrawal schedule. Further information can be found on the **EAP webpage**.

Open learning classes (Non-standard term classes)

Open Learning classes are classes that do not follow the standard start and end dates of a term and are not of a standard length. Since they are of a non-standard length, they have unique add/drop and refund rule dates. These classes should be identified in the class search with an 'Open Learning Unique Deadline' attribute.

As each open learning class can be of a different length, a calculation is used to determine the add/drop and refund dates rather than set dates. These dates can be calculated by using the Formulas for Calculating Financial and Academic Deadlines for Open Learning in the table below.

The audit/credit or credit/audit change deadline for open learning classes is 75% of the number of day of the class.

For help calculating registration and withdrawal deadlines, contact **Student Central**.

Open Learning

Open Learning classes are the exception to the rule and are based on the overall duration of the class from the first day of classes to the last day, and not just teaching days.

All numbers are rounded to the nearest whole number (for example, 10.4 days would be rounded down to 10 days, but 10.6 days would be round up to 11).

	Add/drop deadline		**75% Refund**		**50% Refund**		**0% Refund but withdrawal**		**Withdrawal Deadline**
	Start	End	Start	End	Start	End	Start	End	Last day of classes
% Range	0%	16%	16.01%	24.00%	24.01%	32.00%	32.01%	100%
